

## BARKLEY TO TAKE STANLEY'S PLACE

Brilliant and Eloquent Congressman To Speak In Richmond Thursday, October 23.

Congressman Ablen W. Barkley, of the First Kentucky district, will speak here Thursday night Oct. 23 instead of Senator A. O. Stanley. Senator Stanley has been recalled to Washington and could not be here to fill the engagement for which he has been advertised, so Chairman Keenon, of the Speakers' Bureau, phoned here today that Congressman Barkley will speak here in his place.

Democrats and voters from all over the county are expected here to hear him. There isn't a public speaker in Kentucky today who outshines the brilliant young man who represents the First district on congress. Barkley made a magnificent speech, at the Democratic state convention in Louisville, and opened the eyes of many who had not heard him before. He is an orator and a Democrat of power and influence, and his address here will be a real treat to everyone.

Another announcement that will be heard with pleasure by his many friends is that Senator J. C. Beckham will speak in Richmond Court Day Monday, November 3rd. Senator Beckham will be accompanied here by Hon. William H. Shanks, Democratic nominee for Lieutenant Governor, who will also speak. Mr. Shanks speaks at Berea tonight.

The coming here of Senator Beckham will be hailed with delight by his host of friends in this section. It has been a long time since Beckham has been heard in Richmond. He has been doing great work at Washington, standing by President Wilson and the policies which the National Administration stands for, and will undoubtedly be heard by a record crowd. He speaks here on the day before the election, and after that goes to his home in Frankfort to vote. Senator Beckham will speak at the courthouse at 1:30 o'clock, in the afternoon.

## TUDOR'S GOOD SALE

J. E. Tudor had a splendid sale of his stock and farming implements the other day at his home in the Foosey section. Col. Jesse Cobb cried the sale and everything sold well. Farming implements, tools, etc., all sold high. T. S. Hagan gave \$137 for a Shorthorn cow; a pair of mare mules were bought by Al Cornelson for \$300. Mr. Tudor withdrew another pair at \$350, as he had previously been offered \$500 for them. Fat hogs were bought by Joe Long at 11 3/4 cents a pound; they averaged 150 pounds and there were 10 of them. Poland China brood sows brought from \$430 to \$440. Two yearling cattle were bought by John Coffey at \$32 a head; two-year-old cattle sold at \$32 a head. Sam Best bought a couple of mule colts at \$35. Mr. Tudor sold his farm some time ago and after the rest of the year will probably move to a splendid place he bought recently in Boyle county, much to the regret of his many friends here.

## Somerset Minister Holds Tomato Growing Record

Somerset, Ky. Oct. 21—Tomato vines measuring 15 feet in height and bearing between 60 and one hundred tomatoes each, growing in the garden of the Rev. W. Scott, pastor of the First Christian church here, have been the attraction of the entire town and of many visitors as well. Dr. Scott holds the local record as a tomato grower and his plants and their products this year challenge competition of the county.

## WILSON TRIES TO STOP CONFERENCE BREAK

(By Associated Press)  
Washington, Oct. 21—President Wilson, despite his illness, today took a personal hand in the industrial relations conference in an effort to avert the break which is threatened as a result of the inability of the capital and labor groups to reach a satisfactory agreement on the collective bargaining issue. He dictated a 600-word letter to Secretary Lane from his sick bed, outlining his views on the conference situation. Lane is expected to use the letter at his discretion and might not present it to the conference immediately but hold it in reserve for use only when danger of the conference breaking up became acute. The serious situation was reported to the President today. He immediately dictated the letter to a stenographer and signed it with a lead pencil.

## TRYING TO PREVENT COAL MINERS' STRIKE

(By Associated Press)  
Washington, Oct. 21—Representatives of the miners and operators met here today with Secretary of Labor Wilson in a final effort to settle the wage dispute and avert a strike of half a million bituminous coal miners. November 1st. Secretary Wilson urged that their differences be adjusted in some way so as to save the country untold distress from closing the mines in winter with less than a month's supply on hand. President Lewis, of the mine workers, announced there will be no settlement "unless all our demands, including a five-day week are granted." Chairman Brewster, of the operators committee, said the operators would not open peace negotiations unless the strike order is withdrawn. The meeting was secret.

## GERMAN OPERA STILL TABOO IN NEW YORK

(By Associated Press)  
New York, Oct. 21—Opera in the German language here at this time would tend to be a breach of peace and should be prevented by the police. This opinion was handed down by Corporation Counsel Burr to Mayor Hyland in reply to the Mayor's request last night to learn if the Mayor is within the law in prohibiting presentation of a German opera at the Lexington theatre where where more than a thousand former soldiers stormed the doors in an effort to prevent the performance.

## Says There's No Sugar Shortage

(By Associated Press)  
Washington, Oct. 21—Federal control of the sugar crop was opposed today before the Senate Agriculture committee by C. A. Spreckles, New York, a refiner. He insisted that government control brought about an increased price and declared if left to the law of supply and demand, it "would soon get down to a proper basis." He asserted there is no sugar shortage but the supply is "dislocated."

## Armour's Man Indicted

(By Associated Press)  
Louisville, Oct. 21—J. Howell Thomas, local manager of Armour and Company, was indicted today by the Federal grand jury charged with violation of the food act. It is alleged he allowed 15,000 pounds of pig ears to spoil in cold storage.

## REAL ESTATE MARKET BREAKS ALL RECORDS

Homes In Town and Farms in the Country Are Changing Hands Almost Every Day

It is very doubtful if ever in the history of Richmond and Madison county real estate was ever as active as at present. Homes are being sold in town every day at handsome profit over the original cost price. And the same holds good of farms in the county and the end is not yet. The County Clerk's office is making a record for deeds recorded. It is almost an impossibility to rent a house in Richmond. Apartments are greatly in demand and snapped up as quickly as one becomes vacant.

Real Estate Agent H. C. James last week sold the farm of Mrs. Ella Bonny to Charles Soper, for \$11,000. It is located on the Irvine pike about two and one half miles from Richmond, and contains 66 acres. The farm on Red House pike advertised by May Collins in the Daily Register for public renting, 80 acres of it known as the Karr place, was rented by Jerry Chambers for the year 1920, for \$1210.

Bud Barnes rented 170 acres for \$2210 a year; 20 acres in corn and ten acres in tobacco. Uncle John Shearer did the renting.

Mr. Will Hayden's farm located near Valley View, containing 80 acres, sold at \$51.25 an acre. Uncle John Shearer cried the sale.

Mrs. George Adams, of Kirksville, has bought Miss Pauline Smith's residence, on Lancaster avenue, now occupied by Mrs. Donelson. The price was \$5,500.

Roy Montgomery bought John Yates' cottage on Fourth street. The price was not learned. Mr. Yates will move into the residence on Woodland avenue recently purchased by his brother-in-law, Mr. Preston Cox from Mr. English.

Miss Lucy Brandenburg will lease the home from Mrs. Midkiff, now occupied by Roy Montgomery.

Mr. Tom Wilcox and family have moved into the old Ballard home at the corner of Third and North streets.

Mr. Robert Covington has rented the house on Aspen avenue, now occupied by Mr. and Mrs. S. H. Thorpe, who expect to move to their farm on the Lancaster pike January 1st.

Mr. and Mrs. Bland Ballard have leased the residence on Third and Moberly streets, now occupied by Mr. Sam Shearer and family and Mr. J. R. Dunbar will move into his new home purchased of D. C. Biggerstaff on Broadway.

E. P. Warford sold for Coleman Warford, a house and lot on East Walnut street to Squire Hugely of Red House. Possession to be given at once. The price was not made public.

Mrs. W. H. Douglas bought last week, the cottage from Mrs. Z. T. Rice on Broadway, now occupied by Mr. and Mrs. Robert Covington. The price was around \$3,000. Possession will be given January 1st.

## Death Of James Turner

Mr. James Turner formerly of Madison county, was called to his reward on Oct. 14th. His death was very sudden. He was 76 years old on February 2. He was well known in Madison county and was beloved by all who knew him. For the past few years he had lived near Pinckard, in Jessamine county. Funeral services were held at the Bethel Christian church, the church in which he had his membership for 27 years. Service were conducted by Rev. Fred Sanders, after which the remains were laid to rest in the family burying ground at that place. Mr. Turner was well known to the people of this place. He was a friend to all who were in need. The family have the sympathy of all in this hour of bereavement.

THE Delineator for November is now here. Call at McKee's.

## Wilson Continues To Improve

Washington, Oct. 21—Dr. Grayson, President Wilson's personal physician, today said he could see signs of a continued slight improvement.

## MUST HAVE ROOMS FOR NORMAL STUDENTS

Shortage Of Accommodations In Town Grows More Serious And People Must Help

With the shortage of rooms in Richmond for students it is evident that many men and women will be turned away from the Normal school unless something is done to relieve the situation. The Board of Regents empowered President T. J. Coates and F. C. Gentry at the last meeting which was held in Frankfort, to lease or rent a house or houses and equip with necessary furniture, a sufficient number of rooms to care for the great influx of students that is sure to come at the close of the rural school year.

Other school towns have come to the rescue of their schools and it will be up to Richmond on the 25th of next January to show whether or not it is ready for the men and women students who want to come here to school.

More dormitory space will be added before the opening of another year, but even then there will be hundreds of students who want rooms in private homes. The school is growing by leaps and bounds. The young man and woman realizes now that the future belongs to the educated. The teachers must be trained and Richmond is the training camp for 69 of Kentucky's 120 counties. The students bring thousands of dollars to Richmond each year. Let's take care of every one that will come.

## IS YOUR NAME ON THIS LIST

If not, take time to tie up that package of worn clothing you intend to give, but have neglected sending for the shelterless children and helpless mothers of Armenia.

Thousands of them will perish from cold this winter without the help that can only come from America.

One worn garment, now unused in your home, may save a child's life this winter. Can you neglect this duty and be at peace with yourself when the snows are falling and you think of the child whose appeal you failed to answer?

Remember that tomorrow is the last day for this collection. I feel sure that your intentions are good—you intend to help in this. Do it now. Do not longer delay this good deed and miss your opportunity of saving in such a ministry of service. Your "heart is in the right place." I know, though your name is lacking in this list as yet. But when is one's heart always in "the right place"? When it is always at home when you knock.

It is a little hand that is knocking—the appealing hand of a needy little child, suffering with hunger and cold. Is your heart at home? "I was a stranger and ye took me in; naked and ye clothed me."

I wish to thank most gratefully the kind friends who have already responded to this appeal and whose names are as follows:

Mrs. Hattie Buchanan, Mrs. Duncan Foster, Mrs. W. O. Mays, Mrs. Shelby Hamilton, Mrs. Mary H. Wilson, Mrs. Burton Roberts, Mrs. Mary A. Million, Mrs. Mildred Young, Mrs. W. L. Haden, Mrs. R. L. Telford, Rev. J. O. Young, Robert Covington, One American Relief Box—no name; one dozen—no name.

Please remember that tomorrow is the last day in this campaign for worn clothing. Send your packages with name on the same to Muncy Bros. store, Miss Currallene Smith is the chairman of the committee of ladies who will pack and forward this shipment.

R. L. TELFORD,

## SAYS UNIONISM IS LEADING TO ANARCHY

(By Associated Press)  
Washington, Oct. 21—Unionism, under its present leadership, was attacked in the Senate today by Senator Frelinghuysen, republican, of New Jersey, as a "new autocracy tending toward Bolshevism." He condemned the proposed coal miners' strike, whose demands he called "inordinate." Referring to the steel strike, the New York longshoremen's strike and other labor disturbances he asked "Where will this frenzy stop? Unless a halt is called we shall reach a stage of anarchy infinitely worse than the autocracy of Germany. This is class government, not democracy."

## "HEART OF HUMANITY" WINS HIGH PRAISE

The following from a city paper will be of interest as this great picture will be seen here this week:

A remarkable cinema production was given its premiere showing at the theatre last night when the management of that theatre presented the Jewel production, "The Heart of Humanity." And at the same time, a new figure took his place among the three or four really great moving picture directors. This figure was Allan Holubar, who both conceived the story and transferred it to the screen.

To discriminating photoplay patrons, "The Heart of Humanity," will rank as the third of a triumvirate of great pictures produced since the inception of the film industry. The first two are "The Birth of a Nation," and "Intolerance." Although in a measure a war picture, it is a rank injustice to stigmatize it by that term, since it has come to mean the brutalities horrible atrocities and similar tricks to which the average film director resorts when producing a motion picture in which the Hun figures.

Love forms the central theme of "The Heart of Humanity," and, as the title implies, it is the story of all the living, breathing world. It is the story of the love that lives in a mother's heart; of the love that dwells in the hearts of all sweethearts; of the love that exists in the hearts of all husbands and wives. It is the story of the grand passion which prompts humanity to do and dare for what is good and right, even to the extent of sacrificing life itself.

Dorothy Phillips, as Nannette, gave a marvelously intelligent interpretation of the stellar role. Surely, this talented young actress has travelled far since the days when she appeared in comedy roles. We venture the assertion that her work in this production justly entitles Miss Phillips to be regarded as one of the screen's foremost artists.

As the Widow Patricia, the mother whose five sons go forth to battle for humanity, Margaret Mann is satisfying in every way. She represents every mother in the land and the manner in which she meets the heart wounds which the war inflicts upon her will endear her to every man, woman and child who sees the production.

The Widow Patricia's five sons are portrayed by William Stowell, Robert Anderson, the "M'sieu Cuckoo" of "Hearts of the World," Frank Braidwood, George Haskethorn and Walt Whitman. They seem to have been made for their respective roles. Eric von Stroheim again gives one of his realistic performances of the brutal Hun and made him as detestable as heart could wish.

We have not dwelt upon the spectacular angle of the film because, as marvelous as is the latter with its tanks, airplanes, flame throwers, its amazingly realistic battles, the love story overshadows it to so great an extent as to make the war element a mere background. By all means see "The Heart of Humanity." Here two days, Wednesday and Thursday, October 22nd and 23rd.

THE Delineator for November is now here. Call at McKee's.

## ALL READY FOR BIG SCHOOL RALLY FRIDAY

Country Children Will Parade In Town and Other Interesting Program Given.

Everything is in readiness for the big school rally to be held here on next Friday, October 24. The occasion will be the formal opening of the new Madison High School. The Caldwell High School moved to its new quarters about two weeks ago and changed its name to Madison High School. The changing of the name will perpetuate the memory of old Madison Institute which has had a great career in education. The new name will identify the city high school with the county. It is the purpose of the school administration to have the new high school serve not only Richmond but all of the county. The high school pupils who live in the country but are closer to Richmond than to any county high school will have their tuition paid by the County Board of Education. The boys and girls in the country are not only invited but urged to attend. The city high school needs them, it wants them, yet it does not mean to compete with the county high school and prefers to have those pupils who are closer to the county high schools attend them instead of Richmond.

It was thought fitting and proper to take some notice of the event which means a much larger high school life for the city and county. The event should be an epoch making one in the educational affairs of the community. The high school now has the opportunity to expand and grow. The grades have more room. It was decided to have a formal opening on Friday, October 24th, but the idea of a formal opening has grown into the idea of an all-day school rally for the entire county. It is time that the people were thinking about bigger schools, the problem of securing well trained teachers and the financial crisis that faces the school organizations. The legislature meets in January and the people should be ready to tell the legislature what they want and need to solve the situation. This school rally is intended to get people to thinking and talking in terms of better schools, to focus the attention of the communities upon educational problems.

The rally will start with a parade of all the county schools at 10 o'clock. Each school will be a unit in the parade. The parade will start at the Caldwell building and march through the principal streets of the city. Three prizes will be given to the one room schools. The first prize will be a \$50 Victrola given by Muncy Bros. furniture store. The first prize will go to the school making the best showing on three points: percentage of attendance, military order, and artistic decoration. Second and third prizes will also be awarded. A prize will be given to the county high school making the best showing. Union City, Waco, Kirksville, Newby and Kingston will compete for the last named prize. The parade will end on the campus where the county high school children will have their lunches. At 1:30 p. m., the following program will be rendered:

Music—City School Orchestra. Presentation of Deed—Hon. W. B. Smith, Chairman of Madison Institute Board.

Acceptance of Deed—Chairman John Noland, City Board of Education.

Music—City School Orchestra. The American High School—James Howe, student body.

## COLORED FAIR PROVED A SPLENDID SUCCESS

Editor Register: Saturday, October 11th will be long remembered by the colored people of Madison county. It is the date of the colored Agricultural and Industrial Fair given by the Rural Clubs under the direction of County Demonstration Agent, H. A. Laine. The Fair was a brilliant success and will do much good in fostering the spirit of enterprise and thrift among colored citizens of the county. The exhibits covered a wide range in variety, and were of a surprisingly high order of quality and taste. The Farmers' display was one of the best ever seen here and aroused admiration in every one. More than a thousand persons passed thru the Colored High School building where the Fair was held. Among prominent visitors at the Fair may be mentioned Judge W. K. Price, who made an excellent address, Saturday morning, instead of private secretary to Miss Belle H. Bennett, Mr. H. H. Brock, honored and respected by colored people throughout the county, and Hon. T. H. Collins, a most excellent gentleman, who for several years past has shown great interest in the welfare of colored people. Perhaps our most distinguished visitor was Miss Lizzie A. Jenkins, of Hampton, Va., who has distinguished herself as Director of Negro Economics for the great state of Virginia, who delighted and instructed the great crowd of people, both rural and city folk, by her plain, straight forward, conversational address on "Home and Farm Problems and How to Solve Them." It was the most practical address ever heard here, and will do much good throughout the county. Prof. J. H. Garvin, District Demonstration Agent from Louisville, delivered an address, Hamilton's Military Band furnished music. The judges were Ex-Supt. H. H. Brock and Hon. T. H. Collins, for farm products and Miss Knox, Domestic Science teacher in Richmond Colored High School, judged Women's and school products. A most impressive feature of the occasion was the great parade, made up of rural school children, Home Makers' Clubs and Farmers' Clubs through the principal streets of Richmond led by "Old Glory" and Hamilton's Military Band. Although caught in a rain storm, we continued to follow the parade, just as we always do. The colored people deserve great credit for the creditable, and orderly manner in which they conducted themselves, and especially for the loyal and devoted manner in which they stood by the county agent in planning and holding the Fair. We are grateful to the Richmond school Board for their kindness in allowing the use of the High School building, and to the J. S. Hartway, for the fine address he delivered. Miss Knox for her untiring efforts as judge and to the business men of Richmond and elsewhere who have assisted us. We are especially grateful to the Daily Register who has not hesitated to say a good word for us whenever our efforts have been deserving, and also to the Pantagraph for the same reason. # How Mat Cohen Spends Your Money

## Facts for the Taxpayers of Kentucky

Mat S. Cohen, Commissioner of Agriculture and Democratic candidate for Secretary of State, employs more people in his department and spends more money than any other three combined departments of the State government. It is very important to the taxpayers, especially the farmers, how this money is spent.

In three years, Cohen's personal traveling expenses, which you taxpayers pay, have piled up to a total of \$4,153.93, an average of \$1,384.64 per year. In 1917 he charged you taxpayers \$5.00 per day for ten days for attending the State Fair in addition to railroad fare and a hotel and taxicab bill of more than \$100.00. Does anybody pay you to visit the State Fair?

Vouchers on file in the Auditor's office at Frankfort show what Cohen has been doing with your money. Below are a few samples of the extravagance of this man Cohen who, four years ago, solemnly promised you taxpayers to spend your money carefully and economically:

## COHEN CHARGES YOU EXTRA FOR DOING HIS JOB

The minute Cohen was elected to office he got the state legislature to raise his salary, but the legal department of the state ruled he could not have it. As Commissioner of Agriculture, Cohen is a member of all the boards in his department and his duty is to attend their meetings regularly as a part of the work for which you taxpayers pay him a salary. But Cohen charged you from \$5.00 to \$10.00 a day for attending meetings of various boards. The total you paid him for this was \$620.00 for 83 days, an average of \$7.44 per day. Easy money for answering "Here" at roll call.

Cohen was paid \$100.00 upon the order of the Veterinary Examiners' Board and it was charged to the Veterinary License Fund. The Attorney General ruled the claim was illegal.

Certain clerks in Cohen's department draw money in addition to their salaries. One was paid \$36.00 a meeting for attending four meetings of the Live Stock Sanitary Board. She draws a regular salary of \$2,100.00 a year which you taxpayers pay. Can you beat it?

Another clerk gets a salary of \$1,200.00 a year and in addition she is paid an extra \$400.00 as clerk of the State Board of Veterinary Examiners. Pretty soft.

## WHAT'S IN THE STATE FAIR BOOKS?

On Oct. 6, the Republican State Campaign Committee asked the privilege of having the State Fair Books examined by certified public accountants. Cohen at first consented, but later denied the privilege. When threatened with a law suit, he said he would submit the request to a meeting of the State Board of Agriculture, Oct. 23, a few days before the election.

The books of the State Fair belong to the taxpayers who contribute huge sums of money each year to help keep it going.

Among other items in those books are vouchers showing Mat Cohen's personal expense account. Why does Cohen object to an immediate examination of those books?

## ONLY ONE MAGAZINE BEATS PRINTERS' STRIKE

Elimination of typesetting, one of the costliest operations of magazine production, by the use of plates made by photographing the original typewritten copy, has been accomplished in the October 18 issue of the Literary Digest, consisting of 80 pages. This radical innovation, which was brought about by the printers' strike in New York city, leads the publishers to suggest that "it is possible in this age of marvels that the whole future of magazine production may be revolutionized by the elimination of typesetting."

The makeup of the magazine is in no way changed, the only difference being that the style of the type is that used on typewriters and is uniform in all the reading matter throughout the number. On the right-hand side of each page is photographic copy of the original article as written on the typewriter.

The strike became effective October 1 after employers in 250 printing establishments that publish virtually all the trade journals and magazines issued in New York refused to grant a weekly increased of \$14 and a forty-four hour week resulted in the strike.

John Adams Thayer, executive secretary of the Periodical Publishers' association has announced the

list of periodicals of national circulation that have suspended publication. They include Collier's Christian Herald, Metropolitan, Current Opinion, Good Housekeeping, Harper's Bazaar, Heart's, House and Garden, Independent, McCall's McClure's, Cosmopolitan, Outlook, People's Home Journal, Pictorial Review, Theatre, To-day, Housewife, Vanity Fair, Vogue, Woman's World, Delinor, Everybody's, Home, Sector and Designer, as well as many publications issued by Frank A. Munsey company.

Local dealers have received letters from several of the publishers announcing the temporary suspension of publication. Practically all other New York magazines have been added to the list since the first was issued.

### KANSAS' 40-YEAR DROUTH

#### And What the Thirsty Have Used As "Substitutes"

Reports from States which have not "enjoyed" prohibition as long as Kansas indicate that the general public has not felt the real effects of the drouth in liquors during the first two months of war-time prohibition. Kansas had prohibition for about forty years before the rest of the country. And Kansas has had much experience with the liquor substitutes. Real liquor has been difficult to obtain in some parts of Kansas for many years. In other parts of the State some liquor was available "at a price", and in other parts there were bottles of stuff sold that looked like real liquor but which made the drinker sick. The substitutes which are sold by bootleggers are dangerous and few will take chances on them. They are made of raw alcohol, pepper and a drug or two with a little burnt sugar coloring that is deceptive.

The real substitutes that Kansas has been using for years are the kind that can be bought at the corner grocery or a drug store, or may be found regularly in the kitchen pantry or the medicine chest. They could be purchased without suspicion and frequently would produce a "jag" with all the elements of a whiskey drunk, except the taste.

The Jamaica ginger spree was the first to be indorsed into Kansas when prohibition began. It comes the nearest to being the real thing in the liquor line that could be found in the drug stores, and there were large quantities purchased regularly until officials started law suits that ended with court orders which sent druggists, who sold Jamaica ginger for

beverage purposes to jail. A druggist might sell a small quantity, but if he sold a pint and the buyer "put or a show" the druggist was likely to be imprisoned.

The next discovery was the camphor substitute and it was used until officials discovered the tremendous sales of camphor in considerable quantities and then they shut down on this as a liquor substitute.

Much hard cider has been sold and real hard cider had all the kick that was desired. It wasn't quite as pleasant recuperating from cider drunk but the happy period was quite satisfactory. Some one discovered that putting a few spoonfuls of sugar into a jug of sweet cider would make the cider hard in a short time, particularly if the cider was shaken. Many persons ordered cider from manufacturers in New York and direct that so much sugar be put into each gallon before shipment. The cider makers were accommodating and by the time the cider got to Kansas it was hard. A few raisins put into a jug of cider will put the cider to "work" and in a few days say by Saturday night, the cider will speak with authority.

The latest and what is said to be the most effective substitute is "silo juice". When green feeding stuffs are put into the silos and wet down fermentation starts and experience has shown that the juices which collect in the bottom of the silo make an unusually good substitute. Silo juice has many characteristics of "sour mash" but it does not have the smooth taste. The taste is bad but the after-effects are quite efficient.

#### Must Give Voter Dry Ballot

Under Section 2, Chapter 63 of the Acts of 1918, the clerk of election is required to furnish each voter who presents himself at the polls a ballot on the prohibition amendment. This opinion was given yesterday by Assistant Attorney General D. O. Myatt, at Frankfort, in answer to a query to whether the clerk of election should present to each voter a ballot to be voted on the amendment whether the voter requested it or not. Mr. Myatt is of the opinion that it is not necessary for the voter to make a specific request for the ballot.

#### Violin "Camouflage."

### Army Prevented Sugar Famine

Washington, D. C., Oct. 18.—In the controversy over the living cost and particularly the sugar shortage the country is now undergoing it has developed that the country might have been in an actual sugar famine several weeks ago, but for the efforts of the War Department which has released more than 50,000,000 pounds of sugar for sale to the public during the past few months. As a result the army is now existing on a reserve of less than two and one-half months supply and every soldier from the chief of staff to the buck private is having his sugar supply rationed. The normal sugar reserve of the army is at least three months supply and usually nearer six months supply, but the Department has cut this way below normal to meet the civil demands.

Anticipating a possible recurrence this year of a sugar shortage in the early fall at the end of the preserving season, Secretary of War Baker had a special survey of the army supply made early in the summer and determined that about 25,000 tons of the army reserve could be released in an emergency. This sugar was released through the United States Sugar equaliza-

tion Board as the demand for it was felt, in several large lots, in spite of the anxieties expressed by many army officers. Had it not been for these releases from the army's stock to public use it is declared the public would have felt the shortage much sooner and the present shortage would have been considerably more acute than it actually is.

# 42 ACRES

## Building Lots, Cow Pastures and Baby Farms

JUST OUTSIDE OF CITY LIMITS OF LANCASTER

## Two Brand New Dwelling

# AT AUCTION Saturday, October 25th

2:30 O'clock Sharp

This is part of the W. R. Cook farm on the north side of Danville street, just beyond city limits of Lancaster Ky., recently purchased by J. W. Smith and Theo Curry. They have just finished two new houses on this property, and on the above date we will subdivide the 42 acres and sell to the High Dollar.

About four acres of land will be sold with each dwelling. The new dwellings just finished are two-story, each have 6 rooms, cabinet mantels, large dining room, well lighted, good size kitchen with large pantry, front and back porch; closets in every room, concrete columns at front porch, new cistern at door, garage, wired for city, electric lights, level yard to pike, large apple shade trees. Very desirable and beautiful homes. You move right into a brand new house.

We will also sell several building lots on each side of these houses. We have subdivided the remainder of the tracts into cow pastures and baby farms; 2 to 10 acre tracts. On one tract of about 10 acres there is a large, well built 10-acre tobacco barn. Plenty of water.

This will be an absolute sale to the High Dollar, and you can do no better than to look over this property and buy close to Lancaster with all the advantage of schools, churches, banks and new tobacco warehouse. A wide-awake progressive town with cultured and hospitable people. This is the place to make your home in the "Land of Now."

For further particulars and blue prints and to show you the property, see J. W. Smith and Theo Curry, at Lanacster, or

### GILEAD

There was a special service at Gilead Sunday, by our pastor, Rev. Lawson. Subject: "God's Mercy to Backsliders." He made it so plain for the congregation that we feel we can backslide, but we will come back to the fold. We were found guilty of the crime to some extent. Mr. Ed Tudor, one of our most prominent citizens, had a public sale at home, October 18. He sold some nice stock, farming implements, household and kitchen furniture for the purpose of going to Stanford and casting his lot with them, which we regret very much. We wish him success in his new career of life. A touring party consisting of Mr. Charley Cotton and wife and son, J. C. Mr. Nat Whitaker and family, Mrs. Sarah Bell Turner and Edda Turner motored from Richmond by the way of Lexington, Versailles, Shelbyville, Eminence to visit Mr. Nat Turner, thence to Jericho to see Willie Cotton, thence to see Mrs. Ella Cotton 7 1-2 miles beyond Lagrange. They have returned reporting a good time and having plenty of nice things to eat.

# WEDNESDAY, OCT. 29th

AT 10 O'CLOCK A. M.

On the premises of W. Harrison Kinnard, 1 1-2 miles from Cartersville, 1 mile from Woodview school house, 7 miles from Paint Lick and about 8 miles from Berea, we will offer you at the highest and best bid about

## 200 Acres of Fertile, Nearly Level Garrard County Land

This land will be subdivided into small tracts running 40 acres to 75 acres. Improvements consist of 2 four room dwellings, 1 three room dwelling, 1 new 6-acre tobacco barn and one 3-acre tobacco barn, two good stock barns and other small buildings. Land is well watered by never failing springs. Corn crop on this land this dry year will yield 10 to 12 barrels per acre, tobacco from this farm last year sold as high as 80 cents per pound; over 100 acres of this land shows fine clover, timothy and blue grass fields and remainder is in young grass and cultivation.

To the man who wants a home and has a small amount of money to invest this will offer an excellent chance, for this land has not been sold for a number of years and will not bring its worth at first sale.

At the same time and place we will offer personal property belonging to Mr. Kinnard consisting of 65 head of hogs, 2 good work mares, 6 years old; 2 dandy young work mares, 3 years old; 3 good milk cows and 5 good calves; farming implements; including one good tobacco setter; a good wagon; nearly new rubber tired buggy; 150 barrels of good corn; about 300 bushel of good Harvest King seed wheat; 200 bales of good clover and timothy hay; 250 bales of straw and many other useful farm articles and feeds not mentioned.

A good hot dinner will be served and all who come will be made to enjoy the day and we want you to be there promptly at 10 a. m. Don't forget the day or the place. Come a day or so before this sale and have Mr. Kinnard show you this good land or call and see

## LETTER TO RICHMOND DRUGGISTS

### Get Ready For Big Mustarine Demand

The Quickest Pain Killer On Earth And The Original And Best Improvement For The Old-Fashioned Mustard Plaster Is Going To Be Consistently Advertised In The Newspapers In This City And State—Sale Is Guaranteed To Druggists And Consumers. Order From Your Jobber Now

#### BEGY'S MUSTARINE IN THE YELLOW BOX

Just as soon as our regular advertisement appears in the papers, people will demand BEGY'S MUSTARINE.

If they cannot get it from you, Mr. Live Druggist, they will get it from some of your competitors.

We have opened new territories before and we know just what we are talking about.

BEGY'S MUSTARINE is so much better than Liniments, Ointments, or any other preparation used for the same purpose, that nothing can stop the people from getting the best.

We have a reputation throughout the country of square-dealing with the people. Mr. Druggist, and on that basis and the wonderful merits of MUSTARINE we ask your generous co-operation.

We don't want you to order a big supply but we do urge you to have enough on hand to meet the demand that comes quickly and surely.

"Heat causes pain" and there is more concentrated, non-blistering heat in a box of BEGY'S MUSTARINE than in any other box of the same size.

It is the best and quickest remedy in the world for lameness, swellings, sore muscle, stiff neck, lumbago, cramps in the leg, sprains and strains. People who use MUSTARINE say it stops aches and pains in half the time.

It takes similar remedies; that's why people use it in preference to the slow acting ones.

Take sore throat for instance, and pleurisy and chest colds; in one night, while you sleep, MUSTARINE ends all the misery and subdues the inflammation.

Rheumatism sufferers swear by it, for in just a few minutes it eases the agonizing pains and blessed relief follows.

It's the same way with Gout, and Neuritis, Neuritis Sciatica—the relief is simply marvelous.

Your jobber has BEGY'S MUSTARINE and we urge you to order a supply today, for just as soon as the people discover that Begy's Mustarine, made of real true, honest mustard and other pain-destriving ingredients, has such quick and mighty power over inflammation, congestions, swellings, aches and pains, they will insist on having it and won't accept anything instead.

A generous box retails for 30 cents—a large box for 60.

You take no chances when you order Begy's Mustarine for the sale is guaranteed by the manufacturers, S. C. Wells & Co. of Le Roy, New York, who also make Celery King, Dr. Carter's K. & B. Tea, Shiloh and other worthy remedies.

##### Entertains for Birthday

Mrs. J. W. Scudder entertained with a magnificent five course dinner Saturday evening in honor of her husband's 46th birthday anniversary, the affair being kept from the Doctor until the guests arrived. The rooms were profusely decorated with potted plants, dahlias, and cosmos, the color scheme, pink and white being most effectively carried out in the ices, cakes, and wafers, the center piece for the table in the dining room being a huge white cake with pink candles. Covers were laid for Dr. J. G. Bosley, Dr. C. E. Smoot, D. J. Williams, H. G. Sandlin, J. H. Jefferies, M. C. Heath, Morrison Dunn, C. S. Holton, J. A. Mahaffey, B. M. Gibson, Judge W. K. Price and Dr. Scudder.

Miss Margaret Chenault spent Monday in Lexington.

## STOMACH ON A STRIKE

"Pape's Diapepsin" puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate indigestible food—just eat a tablet or two of Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your blood is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs so little at drug stores.

## Our Weights Will Stand The Test

When we sell you a bill of groceries or send you a meat order, we see to it that the weight is correct. It is an easy matter for others to quote low prices, and perhaps make up for the difference in weights. It is your duty to report anyone making a practice of this. The Government will appreciate it too. When you want full weight and value for your money, we invite you to trade with us. We deliver the goods.

## HOOVER STRONG FOR LEAGUE OF NATIONS

(By Associated Press)  
Palo Alto, Oct. 21.—"If the League of Nations is to break down, we must at once prepare to fight," Herbert Hoover, formerly Economic Director for the Supreme War Council, told the students of Stanford University in an address he delivered here last night.  
The Peace Treaties, he said, "cannot be carried out without the League. If the League falls the treaties also fall. If the balance of power is to supplant the League of Nations, we will have torn asunder the only hope that Europe will not break into further wars of races, classes and combinations that will take civilization back to the middle ages."  
"I am confident that if we attempt to revise the treaty we shall tread a road through European chaos. If we manage to keep our soldiers out of it we will not escape fearful economic losses."  
"The Allies may, themselves, revise this treaty without us and then assemble a council of nations of their own in an endeavor to solve the prob-

lems of Europe. It would be a council of Europe and in the midst of these terrible times, considering the debts they owe us, the material they must have from us or starve, I would rather that we be represented therein less it become a league of Europe against the Western Hemisphere. A peace without us means more army and navy for us, the old treadmill of taxes and dangers for us.  
Mr. Hoover said that few people seem to realize the desperation to which Europe has been reduced. "During the coming winter some of them will look with longing eyes to this rich, fat nation, with its surplus of every human necessity," he said. "We cannot fiddle while Rome burns." If we believe we can see our neighbors return to another 30 years war through the break down of this treaty, and we still maintain our progress, it is the egotism of insanity. Our expansion overseas has entangled us for good or ill, and I stand for an honest attempt to join with Europe's better spirits to prevent these entanglements from involving us in war. We are not dealing with perfection, we are dealing with the lesser of evils.

"For us to refuse to enter into a joint attempt with the well-thinking sections of a large part of the world to establish a continuing moral conscience against war is the utmost folly in our town interests."  
Pointing out the likelihood that some European nations will again be plunged into war with their neighbors, Mr. Hoover referred to a probability of the invasion of Poland if the treaty failed.

He said, "there are many elements in Europe who wish to see the treaty break down and the League of Nations disappear. During the last five months our Allies have been growing weaker from a military point of view due to the necessity of demobilizing their armies, while at the same time the reactionary group in Germany has been growing in strength thru the hope of yet securing a division of the Allies. At the time I left Europe a month ago German militarism had already re-established itself as a well-disciplined, well-officerd army of at least 400,000 men largely congregated on the Polish frontier and even defying the government at Berlin. Under the alarm of this danger the Poles in the midst of the greatest economic misery that a nation ever knew, have been trying to create an army of 500,000 men for their protection from the Germans on the side and the Bolsheviks on the other. If the treaty is ratified the German army will be reduced to 200,000 men and dispersed over Germany and their extra armament destroyed. The failure of the treaty means an invasion of the Polish state."  
"This is only one of powder magazines in Europe which cannot be destroyed until this treaty is ratified, and during every day of delay more explosives are poured into them."

## CONSTIPATION

And Sour Stomach Caused By Lady Mack Suffering Black-Draught Relieved.

Mendonville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

Mr. Hoover, in beginning, said he had been urged by Mr. Taft to give his views on the Peace Treaty and that during the ten months in which he acted as Economic Director of the Supreme War Council he had an opportunity independently to observe the growth of ideas in the Peace Conference and the re-perussions of these ideas through Europe. He said he was not impatient of honest debate; that he believed the debate on the League of Nations now going on in the United States "is building the very foundation of the League." He did not believe in the criticism of the Senate for not accepting out-of-hand the Peace Treaty revolved by 500 conflicting minds in Paris.

"The treaty finally agreed upon at Paris is by no means perfect," declared Mr. Hoover, adding that he saw no method by which it could have been made perfect under the circumstances.

He pointed out that scores of international wrongs which breed war existed in the world before the conference was held. Of these, he said, the Peace Conference corrected some but he predicted it would take perhaps 100 years to correct them all.

"It is often overlooked that this was not a conference to settle the wrongs committed by Allies or

neutrals but by the enemy only," said Mr. Hoover. "It was Germany's wrongs that were on the operating table. It would have been beautiful to have all the international wrongs on the table but this is not a perfect world."

"No one could be more disappointed than the American delegation that some great wrongs that were the result of the secret treaties that had been written in times of great desperation among the original Allies were not eradicated."

Referring to the probable effect upon an aggressor of enlightenment and the use of the boycott, Mr. Hoover said: "The hope which I, as an independent observer, have placed in the league is that it will forever relieve the United States of the necessity to again send a single soldier outside of our boundaries."

"We hear the cry that the League obligates that our sons be sent to fight in foreign lands. Yet the very intent and structure of the League is to prevent war. There is no obligation for the United States to engage in military operations or to allow any interference with our internal affairs without the full consent of our representatives in the league. If there is no danger that we should be charged with an obligation to any war, either direct or implied without the full consent and approval of Congress. I believe the President will be the first to agree to any interpretation that this cannot be. To me every line of it is the complete negation of militarism."

## Texas Proud Of Dick Kerr

(By Associated Press)  
Dallas, Texas, Oct. 18.—They smile broadly when one speaks of the performance of "Little Dick" Kerr, the Chicago White Sox pitcher, in the recent world's series, for it wasn't long ago that "big time" scouts, viewing Kerr's work in the Texas league, laughingly asked:

"What can a little runt like that do in the big leagues. That kid can't stand the gaff in the big time. It takes real men to get

The two victories Kerr gained for the White Sox over the slugging Cincinnati Reds were just about what Texas expected, for fans who observed his work when he was in the Texas League felt he should have been in the big league long ago.

Kerr, whose home is in Paris, Texas, was pitching on the "lots" when he got a chance with the Fort Worth Panthers in the Texas league. He made good from the start and was sold to a Southern league team and later went into the American Association.

## War Mothers Meet The 28th

The first annual convention of the Kentucky Chapter of American War Mothers will convene in Lexington in the parish house, Market and Church streets, October 28. The Board of Direc-

tors, composed of officers and County War Mothers will meet at 9 o'clock in the morning. The convention proper will start at 10:30 o'clock. Only delegates may vote on questions before the convention. County War Mothers are delegates by virtue of their office in local chapters. In addition each county chapter is entitled to one delegate for every fifteen members. All mothers who had sons or daughters in the armed service during the war are invited to attend the meetings. Reports of the proceedings of the national convention will be heard. Addresses will be made by Miss Mary E. Sweeney and others. A quartet of soldiers will sing.

A life size portrait of the late Gen. Bennett H. Young will be hung in the court house at Nicholasville where Gen. Young was greatly loved and esteemed.

## ANOTHER ESTIMATE OF CROP CONDITIONS

With the growing season practically ended, except for late tobacco and a very small amount of latest corn that is now maturing, Kentucky's crop prospects now indicate the production of approximately 425,648,000 pounds of tobacco compared to 427,500,000 pounds last year. The United States entire tobacco crop this year is now estimated at 1,278,062,000 pounds, compared to 1,348,019,000 pounds last year, or about 4.6 per cent decrease.

These estimates were issued at Louisville through the office of H. F. Bryant, Kentucky field agent of the United States Bureau of Crop Estimates, and the following estimates of other crops produced in Kentucky this season, with comparisons with 1918 crops, were issued at the same time; oats 8,536,000 bushels compared to 9,600,000 last year, barley 175,000 bushels compared to 196,000, potatoes 4,502,000 bushels compared to 5,625,000, sweet potatoes 1,094,000 bushels compared to 1,235,000, sorghum molasses 2,559,000 gallons compared to 2,826,000 gallons last year, clover seed 36,000 bushels compared to 34,000 apples, 2,025,000 bushels compared to 3,780,000 bushels in 1918 and peas 126,000 bushels compared to 140,000 last year.

The widespread drought in Kentucky this summer damaged practically all late growing crops more or less, but the more favorable weather of the last few weeks has helped late tobacco, corn and pastures to grow out some. The drought was very irregular and spotted all over the state, some local sections having a fairly good growing season while adjoining sections were parched.

Stock water was scarce in some counties and pastures are still not generally very good, though they have improved much during the last month and some sections now have good grass.

The hemp crop in the Blue Grass counties was cut to an exceedingly small acreage this season and most of what was grown apparently will give a light yield.

### Kentucky Books As

Cheap As Any

Answering the charge of Edwin P. Morrow, leader of the party of denunciation and despair in Kentucky, State Superintendent of Public Instruction V. O. Gilbert, said he would investigate Morrow's charge that geographies in use in the Indiana and Kentucky schools were sold cheaper in Indiana than in Kentucky. Gilbert said the state was protected gains such a thing as Morrow denounced, by a bond, and that if that bond had been broken the publishers would pay the penalty.

Mr. Gilbert said he would investigate Morrow's charge and that if they proved true restitution would be made to those over charged. He said:

"The contract provides that books are to be sold in Kentucky as cheaply as in any other state, and if investigation bears out his charge that the difference in the books is but a subterfuge, a penalty and reimbursement will follow.

"We assume at the outset that contractors will live up to their contracts, and everything cannot be done at once, but I will say that if Mr. Morrow's charges are correct, Kentucky school children, will not lose; for there is a bond, and restitution can be had at any time."

### Masonic Grand Master

Mr. Black will use a gavel made from a German gunstock that was presented to Past Grand Master John H. Cowles, who represented the Grand Master and the Grand Lodge of Kentucky at the Masonic Peace Jubilee held at London, England. This gavel will be presented to the Grand Lodge, together with many other trophies.

## Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin. Millions now use his famous prescription

ALL physicians know that good health depends largely upon proper digestion and elimination, and that most sickness results from these causes. None knows this better than the "family" doctor, the general practitioner.

Dr. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was graduated from Rush Medical College back in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formula of that prescription is fortunately living to see its wonderful success.

Women, children and old people are the ones most benefited by Dr. Caldwell's Syrup Pepsin. It differs from physics in that its action is mild and gentle and free from gripping. It does not weaken. And while it is promptly effective in the most obstinate case, it is safe for a tiny baby as it contains no narcotics.

Every drug store sells Dr. Caldwell's Syrup Pepsin at 50c and \$1 a bottle, the latter the family size and sufficient to last months. Keep a bottle in your home. Where many live someone is sure to need it quickly.

DR. W. B. CALDWELL TODAY  
Born Monticello, Ill., March 27, 1839.  
Began the manufacture of his famous prescription in 1892.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

## Y. M. C. A. In The Oil Fields

In the Texas oil fields, where fortunes are made over night and town spring up today on what yesterday was farm land, the rush of fortune hunters has been met by a new type of amusement place. The dance halls and gambling dens of the older day which sprang up with the first lucky strike in a new gold mining camp, or in a few oil fields have a competitor today in the cozy green huts of the Y. M. C. A. of the type used in the American army camps in America and abroad.

The first to be erected for civilian use was at Caddo in the Ranger field and four more are being built under the direction of secretaries already in the field. The newer huts are at Breckenridge and Olden in the Ranger field at Burkburnett in the Wichita Falls territory and at Goose Creek in the South Texas field.
